Brief Description:

Elektromarkt, the industry magazine for the electrical goods trade, targets people involved in the electrical goods retail trade and companies specialising in home and consumer electronics. This also includes both national and international consultants and decision makers at department stores, wholesalers, buying groups and industry.

Elektromarkt showcases ranges and brands in a consumer environment. Just like a concept store, the items are not presented in different product groups but in home settings. In doing so, we take our readers on an exciting journey through the home. Be it in the kitchen, home office or garden – electrical goods make our everyday lives that little bit easier in all settings.

Elektromarkt not only reveals innovations and trends but also provides expertise from the trade and industry, featuring reportages on specialist stores, sections such as "Products Put to the Test" and background articles on specialist topics, trade fairs and companies, rounded off with tips from the editors and entertaining features such as columns and funfacts.

Elektromarkt's homepage www.elektromarkt.de complements the print edition with up-to-the-minute reports from the industry and additional product information. Elektromarkt's newsletter is a regular source of valuable information serving the sector. Our trade magazine is also on social media:

Making our homes smart – in our magazine, online and in the trade

ELEKTRO MARKT

360-days coverage PLUS print

Making homes smart!

Welcome to the Elektromarkt!

Elektromarkt showcases ranges and brands in a consumer environment. Just like a concept store, the products are not presented in different product groups but in home settings. In doing so, we invite our readers to come with us on a journey of discovery through the home. After all, be it in the kitchen, office or garden – electrical goods make our everyday lives that little bit easier in all settings.

Lounges, for example, are not just home to the TV, but often accommodate vacuum cleaners or ironing systems. Kitchens are full of useful little helpers such as breakfast sets, food processors and espresso machines. Just as indispensable are the "big" appliances such as hobs, fridges and dishwashers. Baths and bedrooms are home to electric razors, hairdryers and curling tongs, whilst washing machines and tumble dryers take care of the laundry. And in the garden, lawn mowers, leaf blowers and electrical hedge trimmers are all waiting to be used. Not forgetting, of course, the potential offered by the smart home!

Our online editorial team also sheds light on current topics at www.elektromarkt.de and in our newsletter.

The stil & markt website is a member of the IVW Group for online media. The number of visits is checked and published by the IVW on a monthly basis.

1. In the following General Terms, «advertisement order» refers to the contract on the publication of one or several advertisements of an advertiser or others in a printed paper for the purposes of circulation.
2. Advertisement orders, unless expressly placed for a longer period, must be carried out within one year beginning with the signing of the contract. Only written agreements or written confirmations from the publishers are valid.
3. If the advertiser augments his advertisement order or adds another order to it in such a way as to increase the number of advertisements, appearing within the one- or two-year period, the probably higher discount will also be granted for already printed advertisements.
4. If an order is unfulfilled through no fault of the publishers, the advertiser must return to the publisher the difference between the granted discount and that corresponding to the actual execution of the order, irrespective of any eventual legal duties. The repayment ceases, if the unfulfilment is based on the force majeure in the risk area of the publishers.
5. Advertisements, which owing to their presentation cannot be recognised as such, will be marked with the word «Advertisement» by the publishers.
6. The publishers have the right to refuse advertisement orders - including single terms within a contract - and insert orders, by reason of their contents, origin or their technical form, according to the uniform and technically justifiable principles of the publishers, when their content infringes laws or official regulations or when their publication is unfavourable for the publisher.
In addition, bound or loose insert orders are only binding after a sample of the bound or loose insert has been submitted and met the approval of the publishers. Inserts, whose form or presentation give the reader the impression that they are part of the newspaper or magazine or which contain foreign advertisements, cannot be accepted.
The advertiser will be informed immediately if his order is refused.
7. The advertiser himself is responsible for the content and the legitimacy of text and pictures submitted for the advertisement. Furthermore, it is the duty of the advertiser to exempt the publisher from claims of a third party, even when it should be inhibited, which might arise against the publishers as a result of the execution of the order.
8. The advertiser is responsible for submitting the advertisement text and the unobjectionable printing material or inserts on time. The publisher demand immediate replacement of obviously unsuitable or damaged printing material.
The publisher guarantee the usual printing quality for the text submitted, in as far as the possibilities of the printing material allow.
9. In the case of the completely or partly illegible, incorrect, or incomplete printing of the advertisement, the advertiser is entitled to a price reduction or to a replacement advertisement, however, only in as far as the purpose of the original advertisement was impaired. If the publishers allow the reasonable period for this to expire or if the replacement advertisement is again objectionable, the advertiser has the right to a price reduction or a cancellation of the order.
Liability caused by unfulfilment, negligence on signing the contract an unlawful acts are out of the question also with advertising orders placed by telephone. Extent of liability caused by inability to carry out the order or delay are limited to replacement of the foreseeable damages and the indemnification of the relevant advertisement or insert costs. This is not the case for malice and gross negligence of the publishers, their legal representatives and intermediate assistants. The publishers' extent of liability for damages due to failure to provide warranted quality remains unaffected.

- In commercial business transactions, the publisher are not liable for the gross negligence of intermediate assistants; in remaining cases, the extent of liability for gross negligence towards tradesmen is limited to the foreseeable damages up to the corresponding costs. Complaints - except for not obvious faults - must be forwarded within four weeks after receipt of invoice and voucher.
10. The advertiser himself is responsible for typographical errors if the publisher sends him a proof and if he failed to correct the mistake or to return the proof in time.
 11. For payment of the advertisement invoice within 8 days after date of invoice a 2% discount is granted, payment after 30 days is net. In case of delay or postponement of payment, the advertiser is charged with default interest amounting to 3% above the rate of discount of the Deutsche Bundesbank and with the collection costs. The publisher may also discontinue the execution of the order until the advertisements already published have been paid for, and may demand advance payment for the remaining advertisements.
In the case of justifiable doubts in the advertiser's ability to pay, the publisher are entitled to make the publication of further advertisements dependant on the advance payment of the amount and on the settlement of outstanding invoices, even within the duration of an advertising contract and regardless of an originally agreed upon term of payment.
 12. Where the print-run has been reduced, it is possible to claim a partial reduction in price where several adverts have been booked in advance and where the average distributed print-run quoted either on the rate card or elsewhere is higher than the overall average print-run for the year, starting with the appearance of the first advert. A reduction in the print-run is deemed unjustifiable where it has been reduced by 20% or more for a print-run of up to 50000 copies. The percentage total of the price reduction is calculated in direct relation to the fall in the overall print-run.
 13. Advertisement rates do not include costs for graphic work, or for the preparation of photos or digital data. If such work is necessary for the execution of an advertising order it will be charged extra. Also, considerable changes in original order can be brought to the account of the advertiser.
 14. At the advertiser's request, the publisher will give evidence of the circulation of the magazine for which advertisements have been placed.
 15. In box number advertisements the publisher employs the care of a prudent businessman for the custody and punctual transmission of the offer. Registered letters and express letters concerning box number advertisements will be forwarded by normal post only.
 16. Enclosures accompanying offers and applications forwarded to the advertiser in reply to a box number advertisement remain the property of the sender and must be returned to him.
 17. Printing material, which the advertiser does not expressly demand to be returned to him, is kept by the publisher for two years, however, the publisher cannot be held responsible for any damage or loss caused by force majeure.
 18. Place of payment and place of jurisdiction, in as far as the law does not forcibly prescribe otherwise, is Bamberg.
Even if the residence or usual domicile of the advertiser is unknown at the time of the endorsement of a claim, or if the advertiser moves out of the area covered by the law, after the conclusion of the contract, Bamberg remains the place of jurisdiction.
 19. The advertising mediators and agencies are obliged to respect the rate card of the publishers, in their offers, contracts and accounts with advertisers. The agency commission granted by the publishers may be forwarded neither in part nor in full, neither directly nor indirectly to the advertiser.
 20. Should one of the preceding stipulations be without legal force, the validity of those remaining is not affected.
